## **Critical Ground Water Task Force Meeting Cancelled**

**Pendleton, Ore.** - The Critical Ground Water Task Force meeting scheduled for November 13, 2006 at 7:00pm at the Stafford Hansell Government Center has been cancelled. This was a voluntary meeting for holders of ground water rights in Sub Area H, the Stage Gulch Critical Ground Water Area.

The Task Force thanks interested individuals for their concern in the ground water problem. The issue of water level declination is an issue we all have to address at some point. As a result of continued discussion, all parties are looking at alternative approaches at this time.

Interested parties are urged to make their thoughts known to the Umatilla County Critical Ground Water Task Force. Please contact JR Cook of the Critical Ground Water Task Force at 278-6246.

If you have questions regarding this notice, please contact Connie Caplinger, Executive Assistant, at 278-6293.
