2020-2021 Umatilla County NHMP Steering Committee Meetings and Meeting Topics

The update of the NHMP will involve at least three post-award in-person or virtual meetings, led by the DLCD Natural Hazards Planner. On the 9/22/20 Project Schedule, there are five meetings identified.

These post-award NHMP Steering Committee meetings will focus on:
- Performing a Hazard Vulnerability Analysis/Assessment (HVA);
- Identifying the critical infrastructure, critical facilities, and lifelines (and the hazards that may impact them);
- Identifying the changing future conditions (climate change impacts are included);
- Reviewing the mission and goals of the NHMP and revising as applicable;
- Discussing and completing cost share information and documentation;
- Identifying success stories of the communities;
- Reviewing and identifying significant historic hazard events;
- Public outreach activities (websites, flyers, events); and
- Reviewing the status of the existing mitigation actions in the *2014 Umatilla County NHMP* and determining if those are completed or need to be retained as is or revised, and to add new actions.

Umatilla County NHMP, May 2014

The *2014 Umatilla County NHMP* has the mission and goals in Chapter 1.

Mission: *To prevent loss and protect life, property, and the environment from the risk of natural hazards through coordination and cooperation amount public and private partners.*

The plan goals describe the overall direction that the participating jurisdiction's agencies, organizations, and citizens can take toward mitigating risk from natural hazards.

Goal #1: *Protect life and property.*

Goal #2*: Public outreach.*

Goal #3: *Planned prevention.*

Goal #4: *Agency/citizen coordination.*

Goal #5: *Natural resource protection.*

Goal #6: *Emergency service planning.*

Mitigation Actions and Timeline

The *2014 Umatilla County NHMP* has mitigation actions in Chapter 2. Mitigation actions include both short and long-term activities. Each action item includes an estimate of the timeline for implementation and indicates a capacity to achieve the mitigation action.

Short-term action items (ST) are activities that may be implemented with existing resources and authorities in one to two years.

Long-term action items (LT) may require new or additional resources and/or authorities, and may take from one to five years to implement.

Ongoing action items are activities that are currently being performed and will continue into the foreseeable future.
