## **CERTIFIED RECORD OF LAND CORNER MONUMENTATION**

## HISTORY OF ORIGINAL CORNER ESTABLISHMENT:

Originally established by George S. Pershin, U.S. Deputy Surveyor, under Contract No. 304, Dated September 19, 1878, from which original notes state:

Set fir post on level for 1/4 Section corner from which:

A Tamarack 22" in diameter bears N30°E, a distance of 10 links; A Fir 6" in diameter bears S65°W, a distance of 11 links.

In 1978 Douglas M. Ferguson used proportionate measurements to re-establish the 1/4 corner at which he set a 2" iron pipe with a 2 ½" brass cap 3" above the surface of the ground from which:

A Fir 7" in diameter bears N53°E, a distance of 60.55 feet, scribed 1/4S S33 BT; A Fir 9" in diameter bears S65°W, a distance of 40.66 feet, scribed 1/4S S4 BT.

In 1991 William R. Wells found set a steel fence post East of the monument and attached a witness corner sign. Wells marked two new bearing trees with bearing object signs:

A Douglas Fir 9" in diameter bears N46°W, A distance of 27.7 feet, scribed 1/4 S33 BT; A Western Larch 9" in diameter bears N32 1/2°E, a distance of 31.6 feet, scribed 1/4 S33 BT.

## DESCRIPTION OF CORNER EVIDENCE FOUND:

Found a 2 1/2" brass cap on a 2 1/2" iron pipe 2" above ground level marked as shown below from which:

DESCRIPTION OF MONUMENT AND ACCESSORIES I ESTABLISHED TO PERPETUATE THE ORIGINAL LOCATION OF THIS CORNER: NEW BEARING OBJECTS:

A White Fir 6" in diameter bears South 49° East, a distance of 14.15 feet, marked 1/4 S4 BT; A White Fir 9" in diameter bears North 37° West, a distance of 23.10 feet, marked 1/4 S33 BT.

A fence corner falls 1.5 feet Southwest of the found monument. The fence runs South and West.

I hereby certify that the above corner point was perpetuated on June 26, 2013 Witness: Daniel O. Inloes

Renewal Date: June 30, 2015

RECEIVED BY Umatilla County Surveyor Date: <u>8/9/2013</u> Rec'd By: <u>X7. Telua</u> No.: <u>/3-2/3-</u>C I used a steel tape and magnetic compass in the establishment of the new accessories. I use 16° East declination. The distance to the new bearing tree is to a 60d spike driven into the right side of the root crown of the bearing trees. Attached brass washer marked OPLS 83571 to BT Blaze.
